

## Luton Rugby Football Club

After a number of false starts the Club was eventually formed in 1930 by a small number of local rugby enthusiasts.

Experience over recent seasons indicates that at senior level it should be possible to sustain national league rugby; indeed the long term potential remains to reach level four or even three.

In parallel the challenge for the Youth & Mini Section will be to continue to provide a friendly, social environment for the youth of Luton to learn and play the game. Also, for them to develop their skills in order to provide the 1st XV with an increasing proportion of home grown players.
