

Stopsley Village Practice

Stopsley Village Practice is based in Stopsley - once a village, now a pleasant residential suburb on the eastern edge of Luton. The practice area covers the adjacent outlying areas of Luton. In addition, about 5% of the patients live in two or three nearby villages just over the Hertfordshire border.

The practice run a number of clinics including diabetics' clinic, family planning clinic and smoking cessation. Please visit the website for more information.

Disability Needs

The surgery has an external ramp for wheelchair access. A wheelchair is also available in the surgery for use by patients on the premises. Patients that require additional help of any kind should speak to a receptionist and we will try to provide as much help as possible. With prior notice arrangements can be made to provide an interpretation service for the deaf.
